WARRANTY

Precision Manufacturing warrants all new products manufactured and/or marketed by Precision Manufacturing to be free from defects in material and workmanship under normal usage and service for one year from the date of first use by the buyer, or for one year from the date of the purchase as indicated on the receipt/invoice, whichever occurs first. Repairs or replacements covered under this warranty shall be warranted for the remaining portion of the original warranty period or ninety (90) days, whichever is longer. This warranty shall apply provided the products are returned to Precision Manufacturing's designated facility freight prepaid.

This Warranty excludes all products or component parts that, in the opinion of Precision Manufacturing, have been subjected to negligent use, misuse, alteration, or accident, or that have been repaired with component parts other than those manufactured or used by Precision Manufacturing.

Precision Manufacturing does not warrant component parts supplied by manufacturers who provide separate warranties for their merchandise. It is the obligation of the buyer to contact these suppliers directly for warranty claims, service, and replacement of defective materials and component parts.

Precision Manufacturing reserves the right to make design changes, improve design, or change specifications at any time without any contingent obligation to owners of products previously sold by Precision Manufacturing.

This Warranty shall not be interpreted to render Precision Manufacturing liable for injuries or damages of any kind, direct, consequential, or contingent, to persons or property. Precision Manufacturing shall not be liable for any recovery greater than the cost of repair of defects in workmanship.

Precision Manufacturing shall not be held responsible by buyers for failure to perform any of the obligations of this Warranty if such failures are the result of circumstances of Force Majeure, such as, but not limited to floods, earthquakes, transportation strikes, labor disputes with outside suppliers, or any other conditions beyond the control of Precision Manufacturing.
